

THE POCHE DAILY RECORD
THURSDAY, OCTOBER 17, 1872
LOCAL ITEMS.

POLICEMAN.—An application was made yesterday to the Board of County Commissioners relative to the appointment of night watchmen. Under the law, the Sheriff has the power to appoint two persons as deputies, to act in the capacity of policemen in any of the unincorporated towns of the State; but the Sheriff not at present being in town, nothing could be done in the matter. As there is a pressing need for night watchmen in Pioche, it is only to preserve order and arrest offenders, but to keep a very bright lookout after incendiaries, we would recommend our citizens to request the Sheriff to appoint at least four deputies to act as a police. Two of these could, under the law, be paid out of the county funds, and two would have to be provided for out of private subscriptions. In this matter, it is best to take precautions in time. It is too late to take such measures now. The city and miserable wretches who may seek to gratify spite or afford an opportunity for plunder by firing the town, should be carefully guarded against.

SOCIETY OF ST. VINCENT DE PAUL.—This is the title of a benevolent association recently formed in Pioche. Its object is to secure to the members medical advice and attendance during sickness. Quite a number of members are already on the roll, and at every weekly meeting the number is increased. From Mr. A. B. O'Dougherty, who has kindly undertaken the duties of Secretary, we learn that the Society contemplates the erection of a hospital, where patients can receive the attention which is so necessary to a recovery from illness. Though the greater portion of the members profess the Catholic faith, persons of all other sects are invited and welcomed as members and brethren. We are glad to see this Society succeeding so well, for there is many and many a poor fellow who may be unfortunate enough to be prostrated by accident or disease, who will be thankful that during the term of health he was wise enough to provide for the hour of trial.

GEN. CONNOR left Pioche yesterday morning for Salt Lake. We learn from our bright and lively contemporary, the Silver State, that the General has purchased the Oremus Smelting Works in Humboldt county. We offer him our best wishes for success in working his new purchase.

B. & B. CLEB.—A special meeting of this Club will be held this (Thursday) evening, at 8 o'clock, at F. Wheeler & Co.'s store. A full attendance is particularly requested, as business of importance will come before the meeting. Be punctual.

AL. E. ARNOLD. Secretary.

NOT THE MAN.—The James Wilkins brought before Justice Stoutenburgh on Tuesday for fighting should not be mistaken for James Wilkins, better known as "Jimmy." The latter says he is not a fighting character and wishes no such notoriety.

C. B. Lovell is still on hand with his roofing of every description. He is prepared to make whole Leaky Roofs and Gutters, and is also ready to do painting in all its branches.

REGISTRATION.—Voters are coming forward more freely, which we are very glad to see, as only five more days are left for that purpose. The number reached last evening at 9 o'clock was 1,280.

Care respecting stovepipes, lamps and lights of all sorts, should now be the rule in every establishment. Carelessness in this matter may be followed by terrible loss.

CHRISTMAS LOTTERY.—J. Rosenthal announces a grand Christmas Lottery, to take place December 14. Prizes consist of watches, jewelry, diamond rings, etc. For particulars see advertisement.

C. WIDENHOLDS'S Circulating Library, Main street. Also, Cigars, tobacco, stationery, etc., etc. Opposite the foot of Meadow Valley street.

R. & B.—We acknowledge the receipt of a complimentary ticket to the ball of B. & C. Club, on Friday evening.

BENOR BROS. have just received a large and fine assortment of Perfumery, Toilet and Fancy Articles, such as Florida Water, Pomades, Hair Oil, Cold Cream, Creme de la, Laid's Bloom of Youth, Bazin's Tooth Paste, Steinberger's Glycerine, Honey and Elder Flower Soap, Lubin's Soap, etc., etc., which, together with a full stock of Chemicals and Medicines, they are selling at the lowest market prices.

CIRCULATING LIBRARY.—Folk & Levin on Main street have just received the latest and best publications at their extensive circulating library, and they offer it to the public at 25 cents per volume. Call and see them.

At Burrage's Drug Store, Main street, directly opposite Lacour street, is the largest and best assortment of pure drugs and potent medicines; also perfumery, fancy goods, paints, oils, turpentine, hair chemicals, etc.

New Goods.—Gray Peruvian Chin-chilla Suits; English Derby Corduroy Suits; Knickerbocker Fur Coats; all just received and will be offered cheap by the Pioneer firm.

S. ASHIM & BRO.
D. A. FULKS, of Fulk & McAlpin, is our candidate for County Commissioner, and we have reason to believe that his friends will stand in and make his election.

To City Subscribers.—Owing to the temporary illness of our carrier, accounts for papers served by him will not be presented before Monday next.

Stocks are a little better, and the fearful fall they experienced the day before yesterday is in some measure recovered. The attempted explanation of the depression by comparing the October dividends with the assessments, and finding that the latter exceed the former by \$374,550, does not apply to Pioche. Such an explanation may answer very well for Virginia, but it will not answer for this locality. Pioche is a dividend-paying district, as its exports of bullion will show. For the week ending October 6, they amounted in round numbers to \$150,000; for the week ending October 13, \$116,000; and in the three past days of this week it reaches over \$42,000. This is a splendid showing, especially when it is considered that there are not nearly sufficient mills to crush the ore taken out. The truth is that mining stocks in other regions fall, and those of Pioche have to suffer for the misfortune of others. Not only that, but the impression is so surely and rapidly gaining ground that our mines are the best paying on the Coast, that the big fish wish to control them, and their first step is to swallow up all their smaller brethren. This may not be Christianlike, but it is very characteristic of your leviathan stock operator.

BLIND MOUNTAIN DISTRICT.—The other day Messrs. Hillyer, Hunt and Canovan took a trip to Blind Mountain District, situate about twenty miles from Pioche in a northwesterly direction. It being only a flying visit, they of course were able to make only a cursory examination of the ledges. They however say that they saw enough to form quite a favorable opinion of the District. When these old quartz sharps pronounce in favor of a locality it is very apt to turn out something very respectable in the mining line.

THE POCHE.—In a conversation with Mr. Nelson, the Superintendent, we learned that matters in this mine are going along very quietly. Sinking on the main incline has for the present been suspended. In the other parts of the mine work is going on as usual. Prospecting is going on and also taking out ore. All the mills at present being occupied with existing contracts, reducing ore will be delayed for some little time longer.

THE CALIFORNIA MARKET. Just erected next door to our office, is supplying the best of meats to be procured in this part of the country.

THE REGISTRY AGENT'S office is removed to the room over Pierson's Saloon, Main street, where voters can register from 7 a. m. to 9 p. m.

THE DISTRICT COURT will meet this morning at 10 o'clock. The case of State vs. Fuller is set for to-day.
